MARIKA

MARIKA Magazine is a photography magazine featuring beauty, fashion, portrait, fine-art, kids, men, nude, nature, special reports, interview and conceptual editorials.

MARIKA Magazine is authenticity in every direction for yourself. We don't seek to define beauty and fashion with one narrow idea: no rules. Vintage is right next to newly discovered designers. We are looking for creatives that push the envelope, take chances and disregard the status quo.

MARIKA Magazine aims to spread creativity worldwide with its stunning editorials and articles one issue at a time featuring high-end editorials from worldwide emerging talent. We give the opportunity to those who are looking to expose themselves to the world.

KHADI - PASTEL BREEZE

MARIKA

With my Spring/Summer collection, I want to promote hope, wonder and optimism. My collection will be expressive and mood lifting with a palette of serene Spring and bright Summer colours. I have used Summer holiday silhouettes, mixing fabrics and shapes which will flatter all body styles. With my commitment to sustainable fashion, my fabric of choice will be Khadi, first promoted by Mahatma Gandhi as 'swadeshi', or 'of one's own country'. Khadi is an affordable, comfortable fabric which follows body contours, yet can also be loose fitting giving sleek, classic and beautiful creations which gives an air of confidence, grace and sophistication. More importantly, because Khadi requires limited electricity and no energy in its manufacture, it has an extremely low footprint and is globally recognised for its sustainability and eco-friendliness.
